"Brave Viets preps by actually working the jobs she describes in loving and hilarious detail, giving her offbeat series a healthy balance between the banal and the bizarre."

—*Kirkus Reviews*

"Clever... The real draw, though is Viets's snappy critique of South Florida."

—Marilyn Stasio, *The New York Times Book Review*

"Viets shines at evoking Florida's vibrant landscape and even more colorful characters."

—*Publishers Weekly*

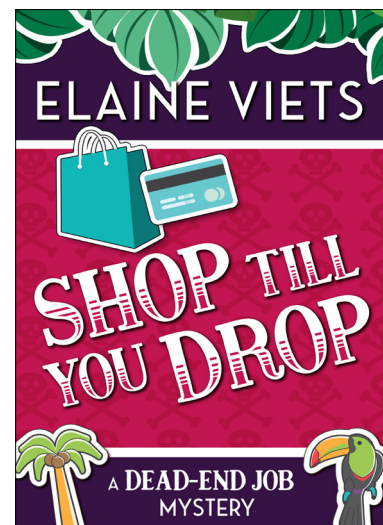

Helen Hawthorne had a high-finance job, a beautiful home—and a good-for-nothing husband she caught in the act with their neighbor. But when she tried to divorce the bum, the judge saddled Helen with alimony—and Helen figured the only way to keep her dignity would be to defy the courts and refuse to pay any of it to her ex.

Helen's fugitive status leads her to South Florida and a series of dead-end jobs that pay her under the table and out of reach of her ex-husband. And yet, at every turn, trouble has a way of catching up with Helen. As each new job becomes a crime scene, Helen finds herself solving murders while staying one step ahead of the cops.

The first thirteen books in Elaine Viets' Dead-End Job mysteries are being reissued in new eBook editions by JABberwocky Literary Agency on March 6th, 2018.
